- iOS/macOS Development
- React Native Development
- React Development
- Game Development
- Teamwork
- Effective Communication
- Critical Thinking

## LANGUAGES

- Serbian (native)
- English (fluent)
- Spanish (beginner)

## PROFILE

I am a skilled software engineer with expertise in iOS, macOS, and full-stack development, leveraging both front-end and back-end technologies to deliver robust solutions. I bring experience in leading teams as well as collaborating under the direction of others, adapting effectively to both roles. With a strong passion for gaming and hands-on experience developing single-player and multiplayer projects in Unreal Engine 5, I combine creativity with technical expertise.

## WORK EXPERIENCE

### HTEC

Apr 2022 - Present

#### Senior iOS/macOS Developer

- Developing and maintaining macOS, iOS and web applications using Swift, React.js and other related technologies.
- Acquired valuable experience collaborating with enterprise clients and contributing to the development of their internal tools and platforms.
- Engineered custom solutions that extended beyond typical iOS/React scopes, applying non-standard architectures and creative problem-solving.

### LearnUpon

Oct 2018 - Apr 2022

#### Senior iOS Developer

- Developing, maintaining and publishing iOS application using Swift and other related technologies.
- Collaborating with cross-functional teams including designers, product managers, android and back-end developers to create high-quality product.
- Frequently engaged in direct communication with clients, discussing product direction, feature prioritization, and implementation timelines.
- Participating in code reviews and providing constructive feedback to other developers.

## EDUCATION

### Bachelor degree | Singidunum University

2011 - 2015

Information technology

GPA: 9.26 / 10
